DETAILED ACTION

Claim Rejections - 35 U.S.C. § 102

I. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

II. Claims 1-16 are rejected under 35 U.S.C. 102(b) as being anticipated by (French Patent 2774149). (French Patent 2774149) discloses a vehicle headlight comprising: a reflector 20 defining an optical axis, the headlight defining two horizontal half planes at different heights; and a horizontal light source 10 oriented in relation to the reflector transversely to the said optical axis, the headlight being such as to generate a beam of light radiation from said light source 10 reflected from the reflector 20, in which the light beam defines a cut-off delimited by the said half planes, wherein the headlight further defines a horizontal axis transverse to the said optical axis, the reflector being divided into a first sector 225 and further sectors (212-228), the first sector being obtained geometrically by notional rotation of the first sector about the said horizontal axis transverse to the optical axis, from an initial position in which the first sector 225 is continuous with adjacent said further sectors without discontinuity (215 joins 225), the first sector being adapted to generate images situated below the upper of the two said half planes delimiting said cut-off.

Response to Arguments

1. Applicant's arguments with respect to claims 1-16 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
